

## 15. Prayer and psychology

While the topic of prayer was crucial to research on the psychology of religion during the early years of the twentieth century, the subject was largely neglected until a renewed interest emerged in the mid-1980s. Leslie J Francis was part of this renaissance.

### Books edited

Francis, L. J., & Astley, J. (Eds.). (2001). *Psychological perspectives on prayer: A reader*. Leominster: Gracewing. pp. xiv + 392. ISBN 0-85244-518-0.
